

## PRODUCT

- Description: Tierrafino Effects is a collection of additives, selected by Tierrafino for the enrichment of Tierrafino Finish, Duro, Base and T-Paint.
- Packaging: 1 kg, 7 kg and 20 kg.
- Storage advice: All Effects can be kept dry or wet, except straw which must be kept dry.
- Workability: All Effects have an indefinite workability, except straw, this must not be wet for longer than 7 days.
- Safety advice: No specific danger, but keep away from children.

## AREA OF APPLICATION

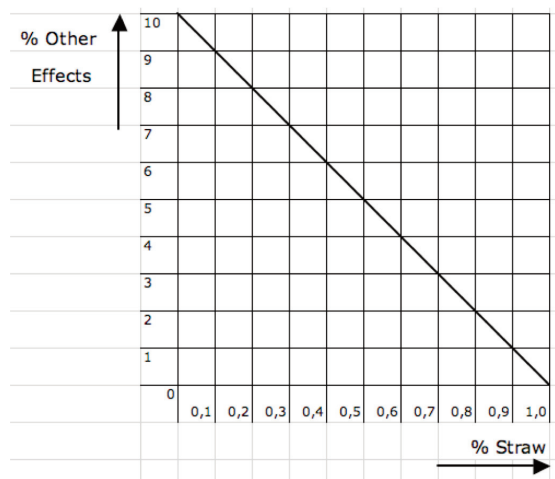

Effects have been developed for the enrichment of several decorative Tierrafino products. However, Effects also have an influence on the composition of these products. Straw is a fibre and the other Effects are sands that prevent shrinkage cracks.

## APPLICATION

Determine the amount of Effects you want to add. Mix Finish, Duro, Base or T-Paint according to the instructions. Now add Effects and mix well. Apply the product according to the instructions of that product.

Maximum amount of Effects to add:

- Straw: maximum 1% of the dry weight of Finish, Duro, Base (without straw) or T-Paint.
- All other Effects: : maximum 10% of the dry weight of Finish, Duro, Base or T-Paint.
- Straw & other Effects combined: For each 0,1% Straw added, deduct 1% from the maximum 10% of other Effects:
- Add max. 1% Straw + 0% other Effects
- Add max. 0,9% Straw + 1% other Effects
- etc. See table below.

## TOOLS

Weighing scale.

Yellow  
Sienna Sand  
1,2 - 1,8 mm

Nero Ebano  
1,2 - 1,8 mm
